When: Friday, Dec.01.2023 at 10:00

Where: Wiese vor dem Reichstag

The government is planning a new regulation for the citizenship process. Exemptions for people who are unable to work full-time will be cancelled. This will lead to discrimination against people with disabilities, family caregivers, and parents.

The law is **#NichtPASSgenau**

Our **No-Citizenship-Ceremony (Nichteinbürgerungszeremonie) in front of the Reichstag** aims to challenge the impending consequences of the bill. Refugees with disabilities and organisations from the field of disability support will be taking part. Our central message:

The planned cancellation of exemptions from securing a livelihood violates the UN Convention on the Rights of Persons with Disabilities and must be stopped.
